Northeastern

Launching with Project Management and Analytics, we also mapped IBM's digital badges to pathways into 54 graduate degrees and 17 grad certificates across all 9 Northeastern colleges.

By transferring in prior learning as signified by digital badges, learners can save up to \$6000 in tuition and reduce the time to a graduate degree or certificate by up to one quarter term.

Northeastern

**This collaboration illustrates our shared commitment to provide innovative pathways for learners to continuously advance their skills and achieve their professional goals, eliminating the gap between work and learning.**
