

2016 - 2017 Key Initiative Sponsorship Packages

Last Updated – August 2016

The [IMS Board of Directors](#), with input from the IMS membership, have identified the Key Initiatives and Executive Leadership Groups listed in the following matrix as priorities to enable better learning from better learning technology. The key initiatives go above and beyond the development of IMS specifications, which are funded by the IMS membership dues. The key initiatives accelerate market adoption through ongoing community collaboration, development of adoption resources via the Communities of Practice, and hosting special end-user meetings such as topical one-day Summits, workshops and boot camps. Funding for these activities is largely dependent on sponsorships from those organizations most interested in moving the initiatives forward.

IMS Key Initiatives Sponsorship Packages: Sponsorship support for IMS key initiatives includes recognition and participation in all the activities (i.e. Summits, Boot Camps, etc.) aligned with each selected initiative as described above. Support multiple initiatives at a discount compared to stand-alone pricing for support of a single initiative.

- Diamond Leader: \$18,000 per year – Sponsor any 5 initiatives with Tier One benefits.
- Platinum Leader: \$10,000 per year – Sponsor any 3 initiatives with Tier One benefits.
- Gold Supporter: \$8,000 per year – Sponsor any 5 initiatives with Tier Two benefits.
- Silver Supporter: \$5,000 per year – Sponsor any 3 initiatives with Tier Two benefits.
