# About us…

Consulting Company that supports:
- the innovation of production and management processes
- the digitalization of SMI and public institutions

*Following the evolution of Industry 4.0, and the Internet of Things, we realized the importance of not neglecting the interconnection of the competences of*

**Digital Badge Provider**
to improve people's skills and knowledge management in organizations

# The Success of the Digital Badge outside the Formal Context relies on

## «CREDIBILITY – RELIABILITY– INTELLIGIBILITY- INTEROPERABILITY»

1) "Open Badge Infrastructure-OBI", IMS certified, represents a fundamental basic technical warranty
2) Some further effort must be made to share the contents and value of the Open badges with recipients: people – HR  - Private and Public Companies
3) To reach this goal we have developed a project to involve shareholders
4) In this way we hope that the D.B. will become a tool that represents a tangible value in Italy, capable of growing demand
5) It is important to have a well-made, highly communicative package of information, IMS approved, to make the OB and its value known

# C-BOX® Platform

The Platform has been designed and developed with our technological partner **Pomiager s.r.l.**

Reference Standard: IMS Global v2.0. Certified **Registration Number IMSO2iy2018W1**

IQC provides D.B. with content developed by a Task Force inside the **Digital Badge Shareholder Table** (DBST)

Parties involved in DBST:

- **FORMAL EDUCATION INSTITUTIONS**
- **ASSOCIATIONS OF BIG AND MEDIUM MECCANICAL COMPANIES**
- **ASSOCIATIONS OF MEDIUM AND SMALL COMPANIES**
- **NATIONAL ASSOCIATION OF WORK AGENCIES**
- **NATIONAL ASSOCIATION OF HOSPITAL MANAGEMENT**
- **PROFESSIONAL TRAINING CENTER**
- **CENTER FOR THE EDUCATION OF DISADVANTAGED ADULTS**
# What Are We Doing To Grow Demand?

**We are building experiences**

❖ We are taking part in some projects where **professional trading centers** involve customers to design DB content,

❖ In addition an Important **Company of facility management** (hospital cleaning services), has involved IQC to use DB as a tool to manage several thousand worker's competence profiles in order to resolve specific requirements of Public Sector organizations

❖ We are also involved in a Social Project aimed at involving young people in taking care of their own city or neighborhood.

**We are organizing meetings and Project proposals with**:

❖ Work Agencies

❖ Professional Associations – such as the National Congress of ANMDO (19-21 November)

❖ Industrial Companies

❖ Articles on Newspapers

❖ We are thinking of participating to EU funded projects with other European Issuer Partners

# IQC Digital Badge

**DB representation, designed to meet the expectations of specific interested sector/parties**

### Open Badge

For those who organize events finalized to transfer and archive information.

### Competence Badge
