Flexible learning in *Real World* courses

Challenge…. make my *undergrad* courses more *Real World and Adaptive!!*

- LTI consumer & LTI provider in a single course
  - LMS (e.g. Canvas, Blackboard, Moodle etc), Plagiarism tool (turnitin, unicheck etc) interactive book/content/assessment tool (zyBooks, Web-CAT…)
  - Specialist Real World Course, stats, computer science
  - MS Excel Adaptive Learning assignments (Stats & ComSci) / Web-CAT coding assessment (ComSci)
  - Dynamic questions
  - Auto grading of Excel answers   and Code based answers
    - Includes commentary on answers

- LTI powers assessment grading/similarity/plagiarism reports/scores

- LTI powers grade reporting pass back to the LMS
