Pompeuetscoins
Fostering writing review skills with a Moodle's badge

CONTEXT
A World Literature Course in On Line Adult Education (Secondary Studies Graduate)
Reception / Knowledge / Creation

Every single student creates a step in a virtual literary trip, called IOCs's squares containing:
- a square’s description
- a poem’s recitation
- a short tale of his/her own about the square

ISSUES
Many students don’t take advantage of rich feedback in the first versions of their work.
Teachers lack of time.

PROPOSED SOLUTION
Metacognitive forum
Students autonomy
