

# Empowering Students

IMS Global Interoperability Standards support student-centric environments

## Student Voice and Choice -

Is the central tenet of MSD of Wayne Township student-centered classrooms.

**Challenge:** Provide equitable and efficient access to top quality digital content giving our students the autonomy to make decisions about their learning.

**Solution:** A Learning Management System that can deliver an all-encompassing digital library for personalized learning where teachers and students find:

1

HIGHLY CURATED  
RESOURCES ALIGNED  
TO STANDARDS WITH  
ADDITIONAL META-  
TAGS

To enable granular searches

2

IN VARIOUS FORMATS  
To accommodate individual  
student needs and  
preferences

3

A CENTRAL  
CONNECTION FOR  
COMMUNICATIONS  
BETWEEN TEACHERS,  
STUDENTS AND  
PARENTS

### RETURN ON INVESTMENT

Anytime, Anywhere Access through any type of device giving students voice and choice in their learning

Access to highly curated and varied resources (adopted, OER, teacher-created) via Single Sign-On

Individual learning paths and data-transparency built right into the platform

With Wayne Learning Hub district has sunset legacy tools that syphon money from instructional materials allotment budgets (Rubicon Atlas - curriculum mapping product) while adding OER content via Gooru and Knovation

An LMS with IMS digital tools interoperability Conformance Certifications
