Legend											
'X' Denotes that this features is PROHIBITED; (Wording change)											
'R' Denotes that an implementation MUST support the feature;											
'e' Denotes that an implementation MAY ELECT to support the feature;											
'N/A' Denotes that the feature is unavailable to this profile i.e. it is covered by another established profile;											
All cells that are shaded (light red) denote functionalities for which IMS conformance testing is not available in the initial release of the IMS Assessment Conformance System; testing for one or more of these functionalities may become available later, even before a succeeding version of the APIP specification. Note that currently, all the shaded functionalities are elective. Conformance testing of systems will be through self-testing using an IMS provided set of APIP packages. Conformance testing of content instances will be through the corresponding Online IMS Validator and will ONLY address the validity of the XML with respect to the APIP specification; semantic integrity between the accessibility data and the original content will NOT be addressed.											
Green cells denote a change from 'X' to 'N/A'											
Yellow cells denote a change from 'R' to 'e'											
Cyan cells denote a change from 'X' to 'e'											
Orange cells denote a change from 'R' to 'e' on I11 for consistency with written documentation											

EBA Members

EBA Mission

- Set Assessment industry direction for years to come
 - Standards compliance
 - Content interoperability and portability
 - QTI enhancements and usability (user and developer-friendly)

EBA Objectives

- Provide business guidance to aQTI standards committee
 - Improve QTI 2.x interoperability
 - Achieve aQTI 3.0 compliance and interoperability from the get-go
 - Drive QTI enhancements and usability
- Foster long-term alignment between APIP and AT and bring them together under the aQTI specification
- Promote QTI as the de-facto standard for e-assessment interoperability.
- Provide marketing support to vendors for promoting QTI compliant content and products

Progress To Date

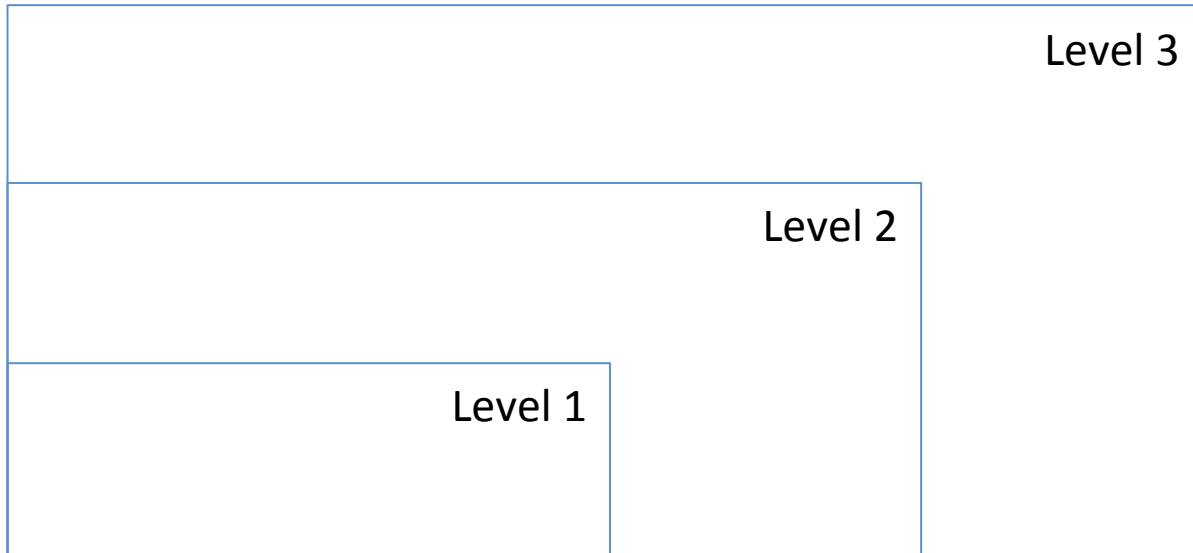

- Goal is to help users make educated procurement decisions
- Approved point score system for measuring QTI conformance
 - Inspired by HTML5
 - <https://html5test.com/results/desktop.html>

Progress To Date

- Interop. task force: ACT, BPS, Cito, ETS, OAT, PARCC
- Surveyed needs (users) and feats (vendors)
- Finalizing new interop. levels for QTI 2.2
 - Level 1 = ...
 - Level 2 = Level 1 + ...
 - Level 3 = Level 2 + ...

Progress To Date

- QTI 2.2 interoperability measure

What's Next

- Define QTI conformance & interoperability certifications
- Call on vendors to:
 1. Measure product conformance a per point score system
 2. Certify interoperability using IMS reference content

What's Next

- European QTI user group meeting
 - Report back to IMS groups
- Finalize aQTI 3.0 charter document
 - <https://docs.google.com/document/d/1WWwWNicxTzD1PnOoKZPL46ksIWMRYOIRuEjwQBocrxU/edit?usp=sharing>

Backup Slides

EBA Operating Principles

- Self-governing group
 - Chair reports to IMS Board
- Consists of IMS contributing members
- Membership is always open
 - Join by making the pledge

User Pledge

- Commit to defining interoperability requirements to be met by the vendor community
 - Like one user put it: “Draw a line in the sand that vendors must cross.”
- Commit to requiring QTI interoperability via RFPs and product acquisitions
- Commit to be internal and external advocate for QTI content interoperability

Vendor Pledge

- Commit to developing and executing collaborative project plan with key milestones
 - Contribute to definition and advancement of QTI
 - Commit to early definition of QTI compliance
 - Commit to early product builds and/or test content based on 1st Internal Draft
 - Commit to participating in Plug-Fests and/or providing content
- Commit to be internal and external advocate for QTI interoperability
- Commit to remedy situations where lack of resources would endanger EBA's mission
 - If unable to provide remedy, group membership may be forfeited

Conducting Business

- Rolling monthly meeting:
 - First call May 20, 11:00-12:30 ET
 - 3rd Wed. each month at 11:00-12:00 ET
- Discussion board and document sharing
<http://members.imsglobal.org/forum/ims/dispatch.cgi/w.executivebo/>
- Email to post to discussion board
AssessmentEB@imsglc.net
- Email to communicate with all members
eaboard@imsglobal.org
- Email to correspond with the board's leaders (chair, vice-chair)
eachair@imsglobal.org
